Building Lawyers for Home Owners.

Building your dream home is an exciting time. Exciting enough that you can even handle living with your parents or in-laws for a few months. That is, until the construction goes over schedule and a few short months becomes a long year or more.

What do you do if your builder is delaying the work, performed defective works or has stopped working altogether?

You call **Boutique Lawyers:** personalised legal services for home owners.

We're here for you and your family.

We only represent home owners, and we know how to get the result you want. What makes **Boutique Lawyers** so different to other lawyers handling building disputes? We're glad you asked.

1. You will be our number 1 priority.

We only take a select few clients at a time. This means we can focus on your case and give you the time and attention you deserve.

2. We don't bill by the hour.

We believe you've had enough surprises with building. You don't need surprises with your legal fees. Our fixed-fee billing gives you peace of mind.

3. We only represent homeowners.

We are 100% focused on acting for home owners. Nothing else. Whether you need help with your Domestic Building Contract, buying a new home, building a new home, are an owner-builder, or pursuing legal action for defective works, we can help you.

1. Homeowners who are buying a new home, building a new home or have a dispute with their builder or trades-person.
2. Homeowners who need help regarding their rights.
3. Homeowners who are good, honest people who we can represent with pride.
