Termites are estimated to cause more damage than fire and storms combined, yet are not covered by general home insurance. The map below illustrates known termite infestations in metropolitan Melbourne and surrounding districts. The CSIRO suggests the scale of infestation in Melbourne is far greater than depicted below.

| MUNICIPALITY | CURRENT STATUS | INFESTATIONS |
|----------------------|----------------|--------------|
| Port Phillip | Declared | 4043 |
| Manningham | Declared | 2909 |
