COMPANY PROFILE

Sydney City Civil (Australia) is a reputable, family owned company established in the construction industry, since 1993.

We have over 17 years of experience, working with some of Australia's most successful construction companies, specializing in demolition.

Over the years, **Sydney City Civil (Australia)** has managed a variety of projects, large and small, always delivering extreme excellence and have been accident free on all our projects.

Our main business is

- Demolition
- Bulk Civil Work
- Pipe Laying
- Road Works
- Drainage

We have a proven track record in delivering safe and successful completion of work with vast experience in the essential skills across the complete spectrum of demolition, dismantling, reclamation and regeneration projects. Our company executes work under strict safety and environmental quality controls at the same time ensuring speed and efficiency of operation. We see this as key criteria in the success of every project and ensure that work is pursued in a planned, safe and efficient manner to guarantee completion dates.

We are compliant with all OH&S regulations 2001 as well as being fully insured.

SERVICES

Expertise gained over many years is just a part of the professional service offered, and because each site is different, Sydney City Civil Australia, with their specialist knowledge will tailor the method of handling work to suit the project being dealt with.
